DETAILED ACTION

Remarks

1. In response to communications filed on 20 March 2008, claim(s) 6, 15, 22 and 27 is/are amended per Applicant's request. Therefore, claims 6-12 and 15-27 are presently pending in the application, of which, claim(s) 6, 15, 22 and 27 is/are presented in independent form.

Drawings

2. Portions of figures 15 and 17-19 were cut off during scanning. Replacement copies of those drawing are requested.

Allowable Subject Matter

3. Claims 6-12 and 15-27 are allowed over the prior art made of record. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record do not disclose, teach, or suggest the claimed limitations of (in combination with all other features in the claim):

"in response to having searched a portion of the index, determining if any records yet to be located may achieve a score that is higher than the score of any of the records

Art Unit: 2165

already located and stored in the ranking list based upon query terms corresponding to index entries having a low weight, wherein the low weight corresponds to the weight of the index entry having the lowest weight of the portion of the index searched and if not, searching the index using query terms corresponding to index entries having weights higher than the low weight", as claimed in claim 6.

The prior art does not teach the step of tracking the lowest weight and using this weight to optimize the search by only considering relevant entries.
